Public Meeting on the Proposed Vegetation Management Program Environmental Impact Report

EVENT DATE: Thursday, August 25, 2005
TIME: 5:30 – 8:30 p.m.

LOCATION: Sacramento
1416 Ninth Street, Sacramento, CA
Resources Building First Floor Auditorium

EVENT: The California Department of Forestry and Fire Protection (CDF) will hold a public scoping session to solicit public comment on a proposed draft Environmental Impact Report for the treatment of vegetation. The EIR is intended to address the requirements of the California Environmental Quality Act regarding the treatment of vegetation for reducing the threat of wildfire to life and property. Other objectives of the program include protection of watershed values, improving wildlife habitat, and improving California rangelands for domestic livestock and wildlife. The Department wishes to invite comment on any concerns or recommendations for content the public may have for the proposed draft EIR.
