

Firefighter Property (FFP) Program

How to Register with the DMV

In the case of vehicles, the following steps must be taken by the recipient, after the vehicle has been picked up:

- a. Request a Certificate to Obtain Title to a Vehicle SF-97 from the state FFP Helpdesk to provide to the DLA Disposition Services.
 - I. This must be done within 48 hours of picking up the vehicle, or the title will be defaulted to CAL FIRE.
 - II. You will need this for the Department of Motor Vehicles (DMV) after the vehicle has been inspected.
- b. The vehicle must be inspected to make sure that it can be serviced and that the cooperator or CAL FIRE have the financial means to complete any repairs necessary. The recipient has up to 2 years to make this determination.
 - I. If the vehicle is unable to be repaired and put into service, the recipient can schedule an appointment with the DLA site to return the items stating that the item was uneconomical to put into service.
 - II. The recipient should not apply for the title with the (DMV) until confirmation has been made that the allocated vehicle can be put into service. The recipient has an obligation to inspect and reject the property prior to the title transfer. The DoD will not take a vehicle back after the title is issued.
- c. Ownership will be issued to the state or local cooperator to which the vehicle was allocated. Title shall not be issued to an individual.
