"Properties" of the pictures may not display the time the photographs were taken, so if you could, would you please look at the properties of the pictures before you send them, and separately list the time each of the 6 photos was taken. I know this is a lot to ask, but the time the picture is taken is critical to my assessment. Usually when I receive any photos after they have been copied once to a computer (in this case your computer) the properties for each will only show when the picture was "modified (or copied to a new folder) Thank you again for your help and diligence in taking these pictures.
