[ ] Economic/Jobs [ ] Public Services/Facilities [ ] Traffic/Circulation [X] Other: Climate Change

Present Land Use/Zoning/General Plan Designation:

Timberland Production Zone

Project Description: (please use a separate page if necessary)

Hearst Forests conducts timber operations and associated activities on its timberland in southern Siskiyou and northern Shasta Counties, California. Hearst Forests' Program Timberland Environmental Impact Report addresses all aspects of its proposed timber operations, including, but not limited to, timber harvest levels, silvicultural methods, harvesting practices, erosion control, site preparation, watercourse and lake protection, hazard reduction, fire protection, wildlife protection, logging road and landing practices, archaeological resource protection, and rare plant protection. Such timber operations are implemented on an individual Program Timber Harvesting Plan basis. The Draft Supplement assesses the project's effects on greenhouse gas emissions.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

**Reviewing Agencies Checklist**

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".  
If you have already sent your document to the agency please denote that with an "S".
