Re: Draft EIS/Program Timberland EIR. Mendocino Redwood Company HCP/ITP

Dear Mr. Hunter:

Thank you for providing a copy of the Draft EIS/Program Timberland EIR. Mendocino Redwood Company HCP/ITP. We have reviewed the documents and do not have any specific comments at this time.

It did come to our attention, under the Program Timberland Environmental Impact Report that after consultation with us that you did not receive a map of the Kashaya Territory. It is enclosed with this letter on a CD.

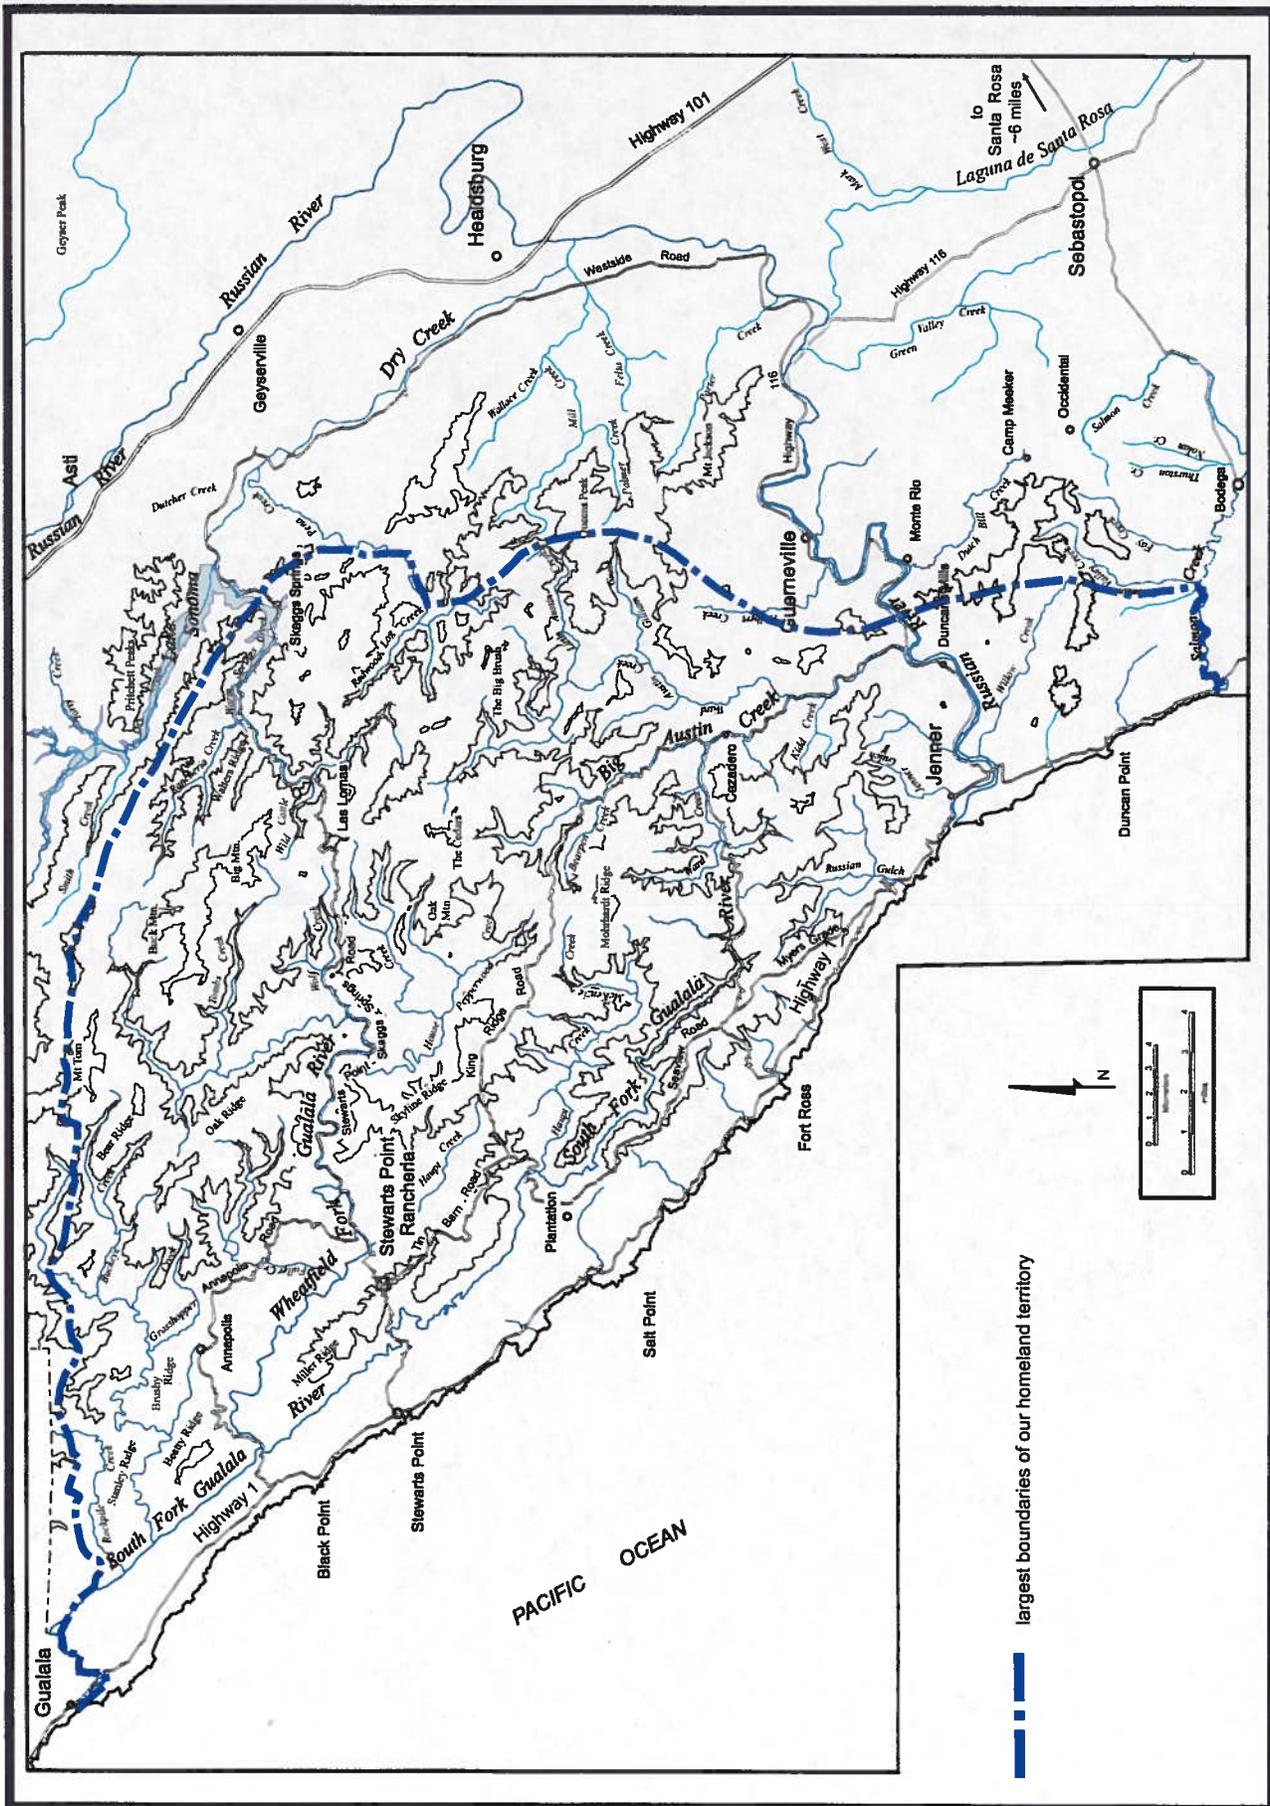

If you have any questions you may contact me at the number below, extension 107 or via email at nina@stewartspoint.org.

Respectfully,

Nina Hapner
Director of Environmental Planning
